

*(if 2.5" is not available,
 sizes from 2" to 3" will be
 close enough)*

This part is identical to and interchangeable with the crank tubes used on the DOTT-B and the DOTT-C (full sized) trike.

Tube Fabrication Notes:

1. *Material is mild steel tube, 1.50" outside diameter by .065" wall thickness or similar.*
2. *Most dimensions are non-critical and a plus or minus tolerance of as much as .2" is acceptable.*
